To Whom It May Concern

I would strongly recommend Ms. Shirley Richards for a training position at the Coulee Region Humane Society either working in a classroom setting or providing "one on one" training.

She demonstrated to me a wealth of knowledge and she has excellent people skills.

Personally, I credit her for my dog's "Obedience Title" and his "Rally Title". She was patient, understanding, and has a very agreeable personality.

She would be a great addition to your fine organization.

If I can be of further help please do not hesitate in contacting me.

Sincerely,
Clark Van Galder
