

One on One Consultations Registration Form

Consultations are designed to help owners and their canine companions. These ½ hour sessions are for helping dog owners with their dog/puppy problems which might include biting, chewing, housetraining, digging, and jumping up on people. There is an average of three sessions scheduled to help get you started on some basics and to figure out personal goals you would like to achieve. From here you could also sign up for more formal group classes. There is no cost to you for these sessions unless you would like to make a donation so that we can continue to offer these at no specific charge.

Owner's Name _____

Address (including, city, state, zip) _____
