

Additional Requirements

We understand that certain dogs are not for the average person; that is why we take extra precautions on ensuring they get fit with appropriate guardians. We require adopters to demonstrate EXTRA responsibilities for this dog. Not only do you have to provide good leadership, exercise (physical and mental), and training to your new companion...you may also need to educate other people about your breed.

In order to adopt this dog, we require the following:

- 1. You be at least 21 years old (*we occasionally make exceptions for younger, rock solid applicants.*)**
- 2. Own your own home and show proof of Homeowner's Insurance to CRHS.**
- 3. Attend CRHS Dog Obedience classes.**
- 4. Show that you have a clear understanding of breed challenges.**
- 5. Fill out our regular application.**
- 6. Be willing to have an in-home visit by one of our staff members.**
