

From Cathy Hubert-Markos, founder & former owner of La Crosse Dog Training, & NDTA Certified Master Trainer:

Shirley Richards is an experienced, skilled, and compassionate dog trainer. She does her job, and she does it well! She is concerned about the welfare of both the four-legged and two-legged clients that she works with. I personally chose her to be an instructor for my classes when I owned La Crosse Dog Training, and only a handful of people over the 21 years that I owned that business met my demanding criteria for an instructor's position. I recommend Shirley's services to anyone seeking humane, results-oriented training and/or problem solving for their pet.
